

# BIOGRAPHY

## **Dr. Iqbal “Bob” Noor, P.E., CCE, PMP, Project Management Consultant PMOLink Inc.**

Dr. Noor is employed as a Project Management Consultant with PMOLink, Incorporated. He has over 20 years of project management experience. His previous roles include Risk Manager at the US Department of Defense, Space and Naval Warfare Information Technology Center in New Orleans, and Risk Management Consultant for the Worldwide Engineering and Construction Group of AMOCO.

Dr. Noor holds a B.Sc. (honors) Degree in Civil Engineering from the University of the West Indies. He was awarded a Canadian Commonwealth Scholarship by the Canadian International Development Agency (CIDA) and the Association of University and Colleges of Canada (AUCC), for his M. Eng. Degree in Civil Engineering at McGill University, Montreal. For his Ph.D. Degree in Civil Engineering at the University of Dundee (Scotland), he received a Bursary as well as a Science and Engineering Research Council award by the British Government. He was also awarded an Overseas

Research Studentship by the British Committee of Vice-Chancellors and Principals (CVCP) for his Ph.D. research. The British Council awarded him a post-doctoral traveling fellowship to the University of Zagreb, Croatia.

Dr. Noor is a licensed Professional Engineer (PE) in the states of Florida and Texas. He is a founding member of the Greater Miami Section of AACE International, and serves as a reviewer of articles for the AACE International *Cost Engineering* magazine. He is a Certified Cost Engineer (CCE) with AACE International, and the International Cost Engineering Council (ICEC). He is also certified as a Project Management Professional (PMP) with the Project Management Institute (PMI), and is a member of the Greater New Orleans Chapter. He has published over 25 papers at national and international conferences.
